

Missions Ministry

The Missions Ministry believes that being the church means serving those inside and outside our local church body. Because of that, our church leaders have committed 15% of the total church budget to missions work. We support local ministries, cross-cultural ministries, and UCC related ministries.

Children's Ministry

Children's Ministry includes the Corinth Nursery, Preschool JAM, CORE Kid's Worship, and K-5 Sunday School. The mission is to provide care to the nursery-aged children and kid-centered worship and teaching for children ages preschool through Grade 5 Sunday mornings.

Greeting Teams

Corinth Greeting Teams create a welcoming environment for church members and visitors by offering a sincere greeting, handing out worship bulletins, and acknowledging each person as they for worship each Sunday.

HOPE Garden Team

The HOPE Garden Team grows quality fruits and vegetables which supplement community food banks and soup kitchens while fostering an atmosphere of fun, fellowship and learning or honing gardening skills through hands on activities and problem solving.

Kitchen Ministry Team

The Kitchen Ministry Team prepares meals for church events and people in the community. Examples include preparing food for Wednesday Night Dinners, Corinth 101 lunches, women's events, leadership events, Chicken Pie Fridays, lunch preparation for Hickory Soup Kitchen, and dinners for Salvation Army.

Technology Team

The Technology Team provides quality lighting, video, and sound to increase engagement with the congregation during services. Also provides accurate control of cameras for a positive experience for our online viewers.

Office Volunteer

The Office Volunteer supports the office in extras such as answering the office phone for staff meetings, helping with weekly mailings, stuffing envelopes, and other areas as they arise.
